

CLASSIC M FLUSH

Product Code: CLA003 | **Revision:** 20240820

Crankcase flushing oil for classic vehicles prior to replenishment with new oil.

Available Pack Sizes

Applications

A flushing oil containing a specialised detergent and dispersant technology to help clean, carry and flush out contaminants and debris. Can be used as a maintenance product between oil changes to keep lubrication systems free from harmful debris and sludge deposits. Unlike many chemical oil flushes, this product will not cause damage to oil seals.

Recommended by Aztec Oils as suitable for the following applications

Drain current system of oil, refill with M FLUSH and circulate in lubrication systems under low load up to normal operating temperatures, drain and refill with the correct oil.

Benefits

- Provides good anti-wear protection.
- Powerful detergent & dispersant technology to remove built-up deposits.
- Removes sludge and lacquers
- Suitable for use in petrol and diesel engines.
- Useful in other applications including flushing certain transmissions, hydraulic & circulatory systems.

Typical Test Data

Density @ 15°C (kg/m ³)	ASTM D4052	0.88
Flash Point (°C)	ASTM D92	>180
Kinematic Viscosity @ 40°C (mm ² /s)	ASTM D445	45
Kinematic Viscosity @ 100°C (mm ² /s)	ASTM D445	7
Viscosity Index	ASTM D2207	113

The typical test data provided is taken from average values, there will be some variability in production and therefore do not constitute a specification.

Health, Safety & Recommendations

- A Safety Data Sheet is available for consultation at www.aztecoils.co.uk.
- Before using this product, the vehicles maintenance guide should be checked and oil changes must be carried out in accordance with the manufacturers' recommendations.
- Packaging should not be left exposed to elements and drums should be laid horizontally to prevent contamination.
- This product should not be stored at temperatures over 60°C, kept out of direct sunlight, protected from frost and fluctuations in temperature.
- When disposing of the product after use, please protect the environment and comply with local regulations.

In line with our policy of continued improvement, Aztec Oils reserve the right to change specifications and availability without prior notice. This product, used according to our recommendations and for its designed application, does not represent any particular risk. The information present in this technical data sheet is indicative of the product and is given in good faith, but should not form part of any specification.
