

## METALTEC MIRACLEAN GP PLUS

**Product Code:** CLE003 | **Revision:** 20240823

General purpose alkaline water miscible industrial cleaner.

### Available Pack Sizes

20L

1000L

### Applications

A general purpose alkaline and water miscible industrial cleaner containing highly effective surfactants and powerful corrosion inhibitors. Developed for inter-operational and final wash cleaning of components that have been machined with either soluble fluids, neat oil or forming lubricants.

### Recommended by Aztec Oils as suitable for the following applications

Suitable for a wide range of industrial spray and flood wash machines.

### Benefits

- Can be used in hot wash systems up to 80°C.
- Leaves an effective corrosion inhibiting film to temporarily protect the part from rust.
- Low foaming - suitable for high pressure spray wash systems.
- Oil rejection properties to extend bath life.
- Provides excellent cleaning of even heavily soiled parts.

### Typical Test Data

Appearance	Colourless to straw
Density @ 15°C (kg/m <sup>3</sup> )	1.0
High Pressure Concentration (%)	1 to 3
Operating Concentration (%)	1 to 7
Operating Temperature Range (°C)	Ambient to 70
pH (solution)	8.5 to 10.5
Refractometer Factor	2

The typical test data provided is taken from average values, there will be some variability in production and therefore do not constitute a specification.

### Health, Safety & Recommendations

In line with our policy of continued improvement, Aztec Oils reserve the right to change specifications and availability without prior notice. This product, used according to our recommendations and for its designed application, does not represent any particular risk. The information present in this technical data sheet is indicative of the product and is given in good faith, but should not form part of any specification.

## Health, Safety & Recommendations

- This product should not be stored at temperatures over 60°C, kept out of direct sunlight, protected from frost and fluctuations in temperature.
- The use of PPE (goggles, gloves etc) is recommended.
- A Safety Data Sheet is available for consultation at [www.aztecoils.co.uk](http://www.aztecoils.co.uk).
- Packaging should not be left exposed to elements and drums should be laid horizontally to prevent contamination.
- When disposing of the product after use, please protect the environment and comply with local regulations.
