

AGRITEC BANDSAW 22

Product Code: AGR024 | **Revision:** 20251210

High-quality, light mineral oil based neat cutting oil for sawmills.

Available Pack Sizes

Applications

Formulated with high-quality, non-toxic solvent refined mineral oils, this specialised lubricant is designed to enhance blade reliability and cutting efficiency in proactive sawmill operations. Engineered to deliver a smoother cutting process, prolong blade life and maintain clear visibility of the workpiece, it contributes to a cleaner, safer and more productive working environment while fully complying with health and safety standards.

Benefits

- Excellent anti-wear properties.
- Improves finish quality.
- Prevents corrosion.
- Reduces pitch build-up on blades.

Typical Test Data

Density @ 15°C (kg/m ³)	ASTM D4052	0.86
Flash Point (°C)	ASTM D92	>150
Kinematic Viscosity @ 40°C (mm ² /s)	ASTM D445	22
Pour Point (°C)	ASTM D97	-15

The typical test data provided is taken from average values, there will be some variability in production and therefore do not constitute a specification.

Health, Safety & Recommendations

- A Safety Data Sheet is available for consultation at www.aztecoils.co.uk.
- Before using this product, the equipment's maintenance guide should be checked and oil changes must be carried out in accordance with the manufacturers' recommendations.
- Packaging should not be left exposed to elements and drums should be laid horizontally to prevent contamination.
- This product should not be stored at temperatures over 60°C, kept out of direct sunlight, protected from frost and fluctuations in temperature.
- When disposing of the product after use, please protect the environment and comply with local regulations.

In line with our policy of continued improvement, Aztec Oils reserve the right to change specifications and availability without prior notice. This product, used according to our recommendations and for its designed application, does not represent any particular risk. The information present in this technical data sheet is indicative of the product and is given in good faith, but should not form part of any specification.
